Petition to protect BC's North Coast

Stay connected

We, the undersigned residents of Canada, draw the attention of the Government of Canada to the following:

THAT the Conservative government failed in their constitutional duty to consult with First Nations and ignored the will of BC communities;

THAT Enbridge's Northern Gateway pipeline would put British Columbia's rivers, coast, communities and economy under threat of potentially devastating bitumen spills;

THAT the Conservative government's current policy of raw resource export is detrimental for the environment and for Canadian jobs;

THEREFORE, we call on the Government of Canada to protect British Columbia's coast, communities and jobs by adopting MP Nathan Cullen's Bill C-628.

To keep updated on this campaign, please fill in your email and/or phone number. This portion of the petition will be detached and kept confidential, and not shared with the federal government or any other parties.
